Powerful Partners®

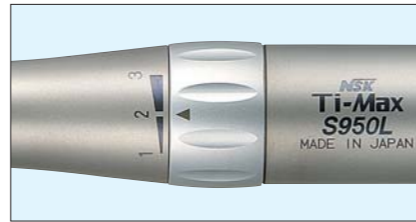

# The Power Ring Allows Specific Adjustment for a Variety of Clinical Applications

Scaling / Endodontics / Periodontics / Restorative

- Three level Power Ring
- Solid Titanium body
- Circular Optic Illumination
- Extensive tip range

APPLICATIONS	TIPS	NSK POWER RING SETTING		
		LEVEL 1	LEVEL 2	LEVEL 3
Scaling	S1, S2, S3	←————→		
Periodontics	S10, S20, S21R, S21L	←————→		
Endodontics	S75 + V tips (U-file, Ni-Ti)	←————→		
Restorative	Minimal Intervention	←————→		
	Finishing, Trimming, Polishing	←————→		
	For Caries of Dentin	←————→		

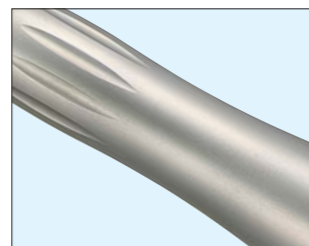

## Specific Power Adjustment

NSK Power Ring offers three different power level settings for diversified clinical needs. While the gentle minimum mode is for delicate procedures, the maximum power mode is good for general scaling.

## Optic Illumination

Ti-Max S950L model comes with NSK's Circular Optic Illumination. A luminous target spot helps you to make faster and precise treatment.

## Solid Titanium Body

Crafted from solid titanium with utmost care and precision, S950 is lightweight, ideally balanced and extremely durable. Its titanium body is characterized by a firm and tactile grip, which offers a high degree of operator's control and comfort.

## Tip Wrench with Torque Limiter

The tip wrench has a built-in torque limiter device. It eliminates unexpected breakage of tip by preventing over-tightening while exchanging a tip.

## The Extensive Tip Range

NSK offers a wide choice of air scaler tips that greatly expand the fields of air scaler applications, including perio, endodontics, scaling and minimal intervention procedures.

TITANIUM

# S950 Air Scalers

## Connect to NSK Couplings

NSK PTL-CL-4HV-T 

Ti-Max S950 is a multi-purpose air scaler. In combination with an extensive lineup of NSK air scaler tips, it offers a wide variety of clinical applications. NSK Power Ring allows you to select 3 power levels depending on procedure types such as perio, endodontics, scaling and minimal intervention. With an ergonomically designed body made of solid titanium, S950 is lightweight and extremely durable. Besides NSK couplings, S950 offers convenient direct connectivity to other brands including KaVo®, Sirona®, W&H® and Bien-Air®.
